### I. SUBSTANTIVE ANALYSIS

#### A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

#### B. EFFECT OF PROPOSED CHANGES:

##### **Background**

According to the Attorney General's website<sup>1</sup>:

In 2005, Attorney General Charlie Crist established a Cybercrime Unit to expand programs to further safeguard children from predatory criminals. The Unit includes law enforcement investigators and prosecutors whose primary mission is to target child predators, child pornography, and Internet-based sexual exploitation of children.

The Cybercrime Unit is dedicated to investigating and prosecuting any crime perpetrated or substantially facilitated using a computer, the Internet, digital media, cellular phone, personal digital assistant (PDA), or any other electronic device. The investigators and the prosecutors in the Unit are specially trained in current technologies, tactics, and the law, and share their expertise through educational programs and community awareness efforts.

Through the Cybercrime Unit, the Attorney General encourages extensive cooperative efforts with federal and state prosecutors, the Florida Department of Law Enforcement (FDLE), the NetSmartz Workshop, the National Center for Missing and Exploited Children (NCMEC), other Attorneys General, and all Florida law enforcement agencies.

The Cybercrime Unit is not currently referenced in Florida Statutes. For fiscal year 2005-2006, the Legislature funded 4 positions (3 investigators and one senior assistant attorney) for this cybercrime unit from the Legal Affairs Revolving Trust Fund<sup>2</sup>.

Violators of this bill will be prosecuted by the Statewide Prosecutor if the offense occurs in more than one judicial circuit; otherwise, the State Attorney in their respective circuit in conjunction with the Statewide Prosecutor will prosecute the offender.
